On behalf of the Order of Nine Angles, let it be known that in September 2013, the Inner ONA confirmed its associate Jall as the new Outer Representative.

Some of you are already familiar with her name through official ONA publications like Fenrir and Hostia, or maybe by her online essays.

While the ONA has always been a 'headless' network, the Outer Rep remains an important part of our heritage and culture. The OR serves as a spokesperson, secretary, mail sorter, and general contact point for new potential associates of the ONA. The Outer Rep also sometimes serves as a mentor and chief scribe, among other more colorful tasks that are best left to the imagination.

When I first read Jall's work, the first word that came to mind was 'hardcore'. Her essays are a lot darker than we've seen in years, and that is no exaggeration.

The Outer Rep is a tough job. It's also an amazing job. And if Jall's writings are any indication, the ONA's public persona remains in excellent hands.

Please offer her your support, in your own way and time. She certainly has mine.

Chloe/WSA

In concern to the ONA Outer Representative position as it relates the addendum referenced in the link you have provided (to wit, "Authority, Learning, and Culture, In The Sinister Tradition Of The Order of Nine Angles"), while understanding that the ONA-related website you have cited apparently puts this into disputation (though it could be said that such ONA sites - especially on gratis formats such as wordpress - seem to come and go), it was my understanding that the information proffered concerning the ONA Outer Representative position was in fact correct as per the following corroborating source material:

Quote:

"Most recently in Autumn 2013, it was announced internally that a female American Rounwytha by the name 'Jall' had been nominated to the office of Outer Representative. 25 This associate had been little known to the general public and was not involved in electronic fora, preferring instead to communicate with the ONA through the medium of its official journal, Fenrir . The choice of a Rounwytha to represent the Order is a likely indication of the direction the ONA wishes to pursue in the next decade."

- Dr. Connell Monette in *Mysticism in the 21st Century*, Sirius Academic Press

Quote:

"I am indebted to Anton Long, to Jall (ONA Outer Representative), as well as other senior members of the ONA who asked not to be named, for their assistance, data, suggestions, and personal testimony in the research and production of this chapter. The majority of this data was obtained via interviews in 2011 and 2012, and late 2013 for final revisions and corrections. To the best of his knowledge, the author is the final academic to interview Anton Long before his retirement from public life. Most of his essays in the subsequent notes are available at the official ONA sites listed in the Online Sources section at the end of this chapter."

Ibid, Notes Pg. 111

Quote:

"In a rare break with ONA tradition, the author was invited to a Skype video interview with Jall in October 2013. A grave and poised woman, she articulates a genuine and sobering vision for the future of the ONA. Despite her relative youth, she indicates a preference for the older traditions of the Order as described best in Hostia and its related texts."

Ibid, Notes Pg. 114

The contributions of Jall and those directly associated with her speak for themselves.
The contributions and recent behaviors of her detractors likewise speak for themselves.

The one has a vision for the future.
The other has a grasping desire.

Which is consonant with ONA tradition?
Which is adapted to evolving circumstances?
Which has illustrated real esoteric understanding?
Which is an animation of personal ambition and dead forms?
Which has seen the internet for what it is and thus uses it appropriately?

We take no issue with Jall and wish her success in her endeavor.

Once again there is a big elephant in the room and Jack is not about to let it shit all over the carpet .
After observing what has unfolded since June and with alot of reflection and observation of myself,my associates and the ONA as a whole it only serves to strengthen the mythos and gnosis. I will be the first to acknowledge that the ONA under Chloe was a different beast altogether for better or worst.Also when myself and my associates emerged publicly we made the mistake of being far too enthusiastic in our drive to inspire others we tried to run before we had stopped crawling to quote Jack. We also observed the fiasco of individuals who make dramatic exits/reentry/ exits from the ONA and then flooding cyberspace with their sour grapes about the entire Sinister Tradition or trolling the ONA and then printing their escapades thru Lulu as if they are somehow achievements. We will acknowledge

our missteps and wear them as battle scars pick up our swords and enter back in to the thick of battle under the ONA flag . We will be observers only for the most part in any future banter of this nature that occurs in this and any future online discussion group that appears on Yahoo and elsewhere. Those who wish to find us online will know already where to find us. That being said we will be APPLYING the insights we have gained from Jall and Jack OFFLINE . As for those who have declared WAR on them you had better pack a lunch. Regards Bloodwolf Cascadia O9a

As far as I understand it seems most of the flapping around this somewhat misses the function of OR, positioning it as some iron-hand about to dictate and pronounce yay or nay to all associated.

Personally I'm not overly concerned either way, as I and mine have our own threads to tend to now, so to speak.

I will say though that if ol CB had not sat in similar a ways back, certain folks might not have become involved so deep so quickly, myself included.
Yes, different times, though mostly in ways not so important.

Anyways, *nods at Jall* :)
