Just to explain to anybody wondering:

There is a biblical verse at the bottom side panel on the onanxs WP taken from Mt 20:16 which goes:

"So the last shall be first, and the first last: for many be called, but few chosen."

I personally break that verse down in context to ONA in two parts.

The first part is "So the last shall be first, and the first last..." This is represented by the first letter in the Greek alphabet put in second place, and the last Greek letter put in first place. The Omega Point is like the hypothetical End Point of Cosmic evolution.

In the 60's-70's era there were three institutions which started this whole "Satanism" thing off: 1) The Church of Satan [1966], 2) The ONA [~1972], & 3) The Temple of Set [1975].

Of the three, the ONA was the "runt" of the litter. Always the last to be considered, if the occult/satanic community ever considered it.

Based on the rate of the ToS's loss of membership and rapid deterioration relevancy, and based the CoS being to "dogmatic" and unwilling to innovate their "memepelx: There will come a time - perhaps 30-50 years from now when ONA will take First Place.

And when that happens "Satanism" as ONA understands it, and as we each will help innovate it, will begin to progress to its "Omega Point." Because I believe that Satanism as we have it today, matches up with primordial Buddhism. Meaning that what we have today as "Satanism" is still in its early fetal stages of development, just as "buddhism" or Christianity was in ancient times.

The second part goes: "...for many be called, but few chosen."

In the years to come - as we have already seen - many non-ONA Satanists will gradually come to ONA. Of all of these new comers who are or will be called to ONA, very Few will be the cream of the crop, to rise to the top. One of my favourite pieces [relevant]:

<http://www.youtube.com/watch?v=HNNHjgd2k8I8>

We've seen that during these past 40 years since ONA has thus far existed, many have been called to ONA. But of these many who are called, very few rise to the top, and very few earn their place in ONA to influence it.

There are so few that we can name them with the fingers of one hand: 1) Anton Long/DM, 2) Beesty Boy, 3) Ryan A of THEM, 4) then there's Thornian, and lastly I'd put in 5) Magister Hagur.

Nobody actually "chooses" these few people. It's just that perhaps their time and dedication to ONA, plus their intelligence, plus their skills and talent, have gradually elevated them to their earned top positions in the social order of ONA.

That's just my own private break down. Others can see things differently.

Is that why the caption to the ONA symbol in this link is "omega 9 alpha" and not "ONA" or O9A ?? -

That's somebody else's WordPress, so I honestly don't know what they might mean when they use the "w9a."

But there is a practical purpose. Using tags like "Dreccian," and "Omega9Alpha" works very good because no other people uses those things in cyberspace. If you googled those terms with the quotes, you'll only get ONA stuff. So it has a use. Cyberspace is here to stay, it's big. So having any means to get your stuff to float above the billions of stuff in cyberspace, helps.

Yeah maybe that's it - marketing.
